

## Anne Rainey

Author of contemporary romance novels  
with lots of extra spice!

## About Anne:

Anne Rainey sold her first category length novel to Samhain Publishing in 2007. Since then she's sold six more stories to Samhain and three stories to Red Sage Publishing. In addition, Anne recently sold a novella and two single titles to Kensington Aphrodisia.

Anne grew up in a small town in central Ohio the only girl with three rowdy, older brothers. When she wasn't playing tackle football with them she could be found tucked away in her mother's book room getting lost in mysterious worlds created by authors such as Martha Grimes and Andrew M. Greeley. She's had a variety of odd jobs including Chiropractic Assistant, Frame Stylist, Restaurant Hostess, and Nail Technician. Anne now lives with her fabulous husband, two gorgeous teenage daughters, two ornery dogs and three snooty cats. When she's not dressing, feeding, cleaning or spending time with them, she can be found at the computer writing stories hot enough to make your toes curl!
